SPA ADD-ONS

DRY BRUSHING **\$25**

A natural bristle brush is used to brush the whole body, beginning at the feet and working upwards. Dry brushing improves circulation, stimulates lymph flow and by gently exfoliating, allows creams and oils to penetrate more easily.

BACK SCRUB **\$30**

This treatment is for the hard to reach back area and begins with a stimulating dry brushing, followed by steamed towels. An all natural scrub is massaged into the back and then removed with steamed towels followed by a deep hydration cream to finish the service. This feels wonderful.

FOOT SCRUB **\$30**

A great treat for the feet. An all natural scrub is massaged into the feet, which are then wrapped in steamed towels. To finish, a deeply hydrating cream is used to massage reflex points on the feet.
